	Date of establishment	3 June 1994
	Website	<a href="http://www.Zakariaco.com">www.Zakariaco.com</a>
	Phone	+9821-88731174-6
	Fax	+9821-88516945
	Email	<a href="mailto:info@zakariaco.com">info@zakariaco.com</a>
	Address	No5, 6th street, Sarfaraz street Beheshti St, Tehran, Iran

## About Company:

**Zakaria e Kabir Medical Engineering Company** was established in 1990 by the decedent Mr. Mohammadali Lotfalipour. Now with nearly 30 years of experience in the field of diagnostic imaging equipment, portable and trolley-based ultrasound machine, medical and veterinary X-ray machine, monitoring-electrocardiogram, sennosides, medical disposable instrument, blood glucose testing and veterinary reproductive equipment serving physicians and veterinarians.

## Our Vision (Our Desire for the Future)

We want to pioneer a path where advanced health technology seamlessly connects human and animal care, creating a healthier and more connected future for all.

## Our Mission (What we do every day)

For more than 30 years, we have continued our efforts to provide medical and veterinary professionals with reliable, advanced equipment and unparalleled support; we empower our customers to achieve superior diagnostic and therapeutic outcomes through scientifically rigorous solutions and a deep commitment to their success. the quality level of treatment equipment and methods through new methods and technologies .

## Our Core Values (The principles that guide us)

These are the cornerstones of our company culture and our promise to you.

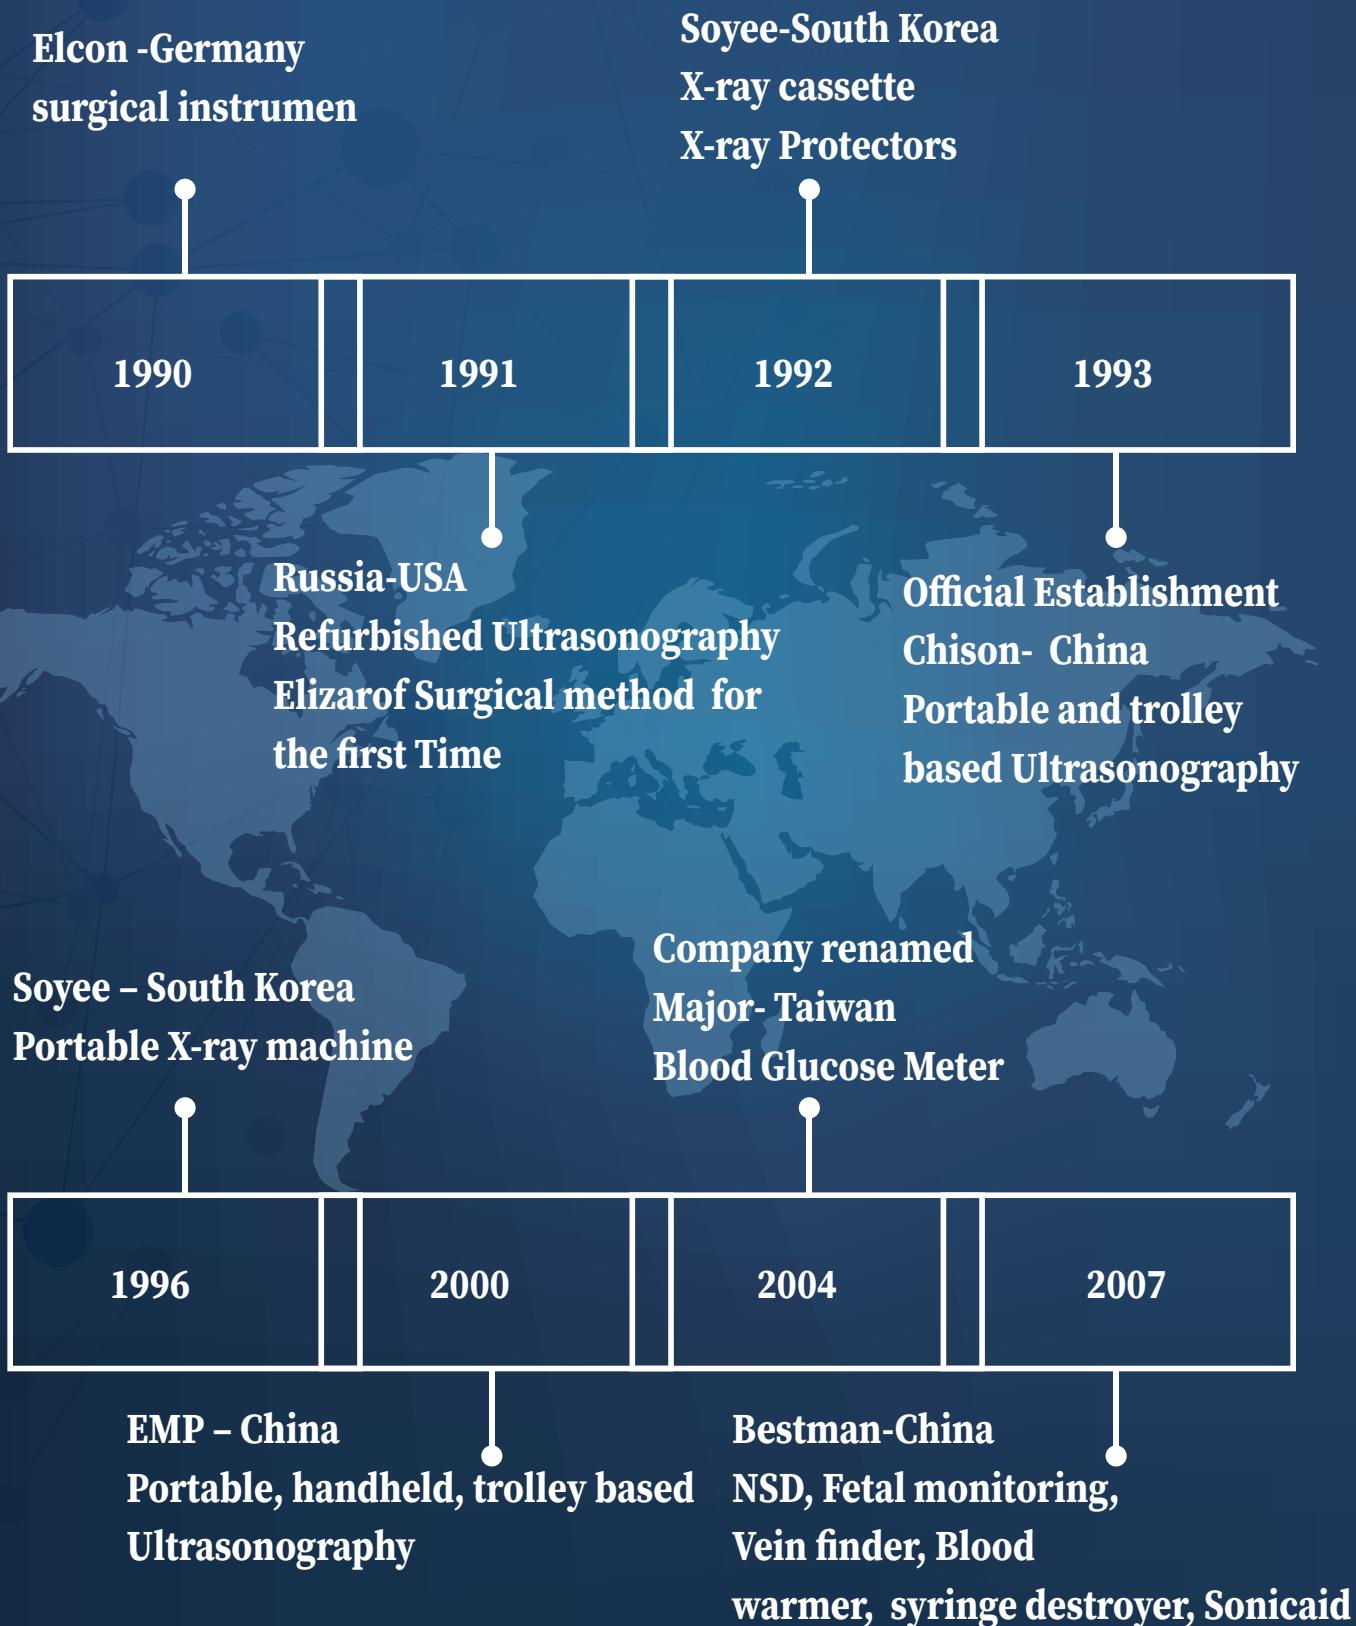

- **Precision and Excellence:** In every product we design and every service we provide. We never compromise on the quality and precision that medical and veterinary science demands.
- **Trust and Confidence:** For generations, we have been a sustainable partner you can count on. Our name on a product promises durability, performance and unwavering support.
- **Purposeful Innovation:** We embrace technological advancements not for the sake of advancements, but to solve real-world challenges faced by healthcare providers and their patients, both human and animal.
- **Support and Advocacy:** We go beyond being a supplier. We listen, learn from experts in the field, and work alongside our customers to achieve the best possible outcomes.
- **Compassionate Impact:** We are ultimately in the business of saving and improving lives. This deep responsibility guides our decisions and fuels our passion every day.

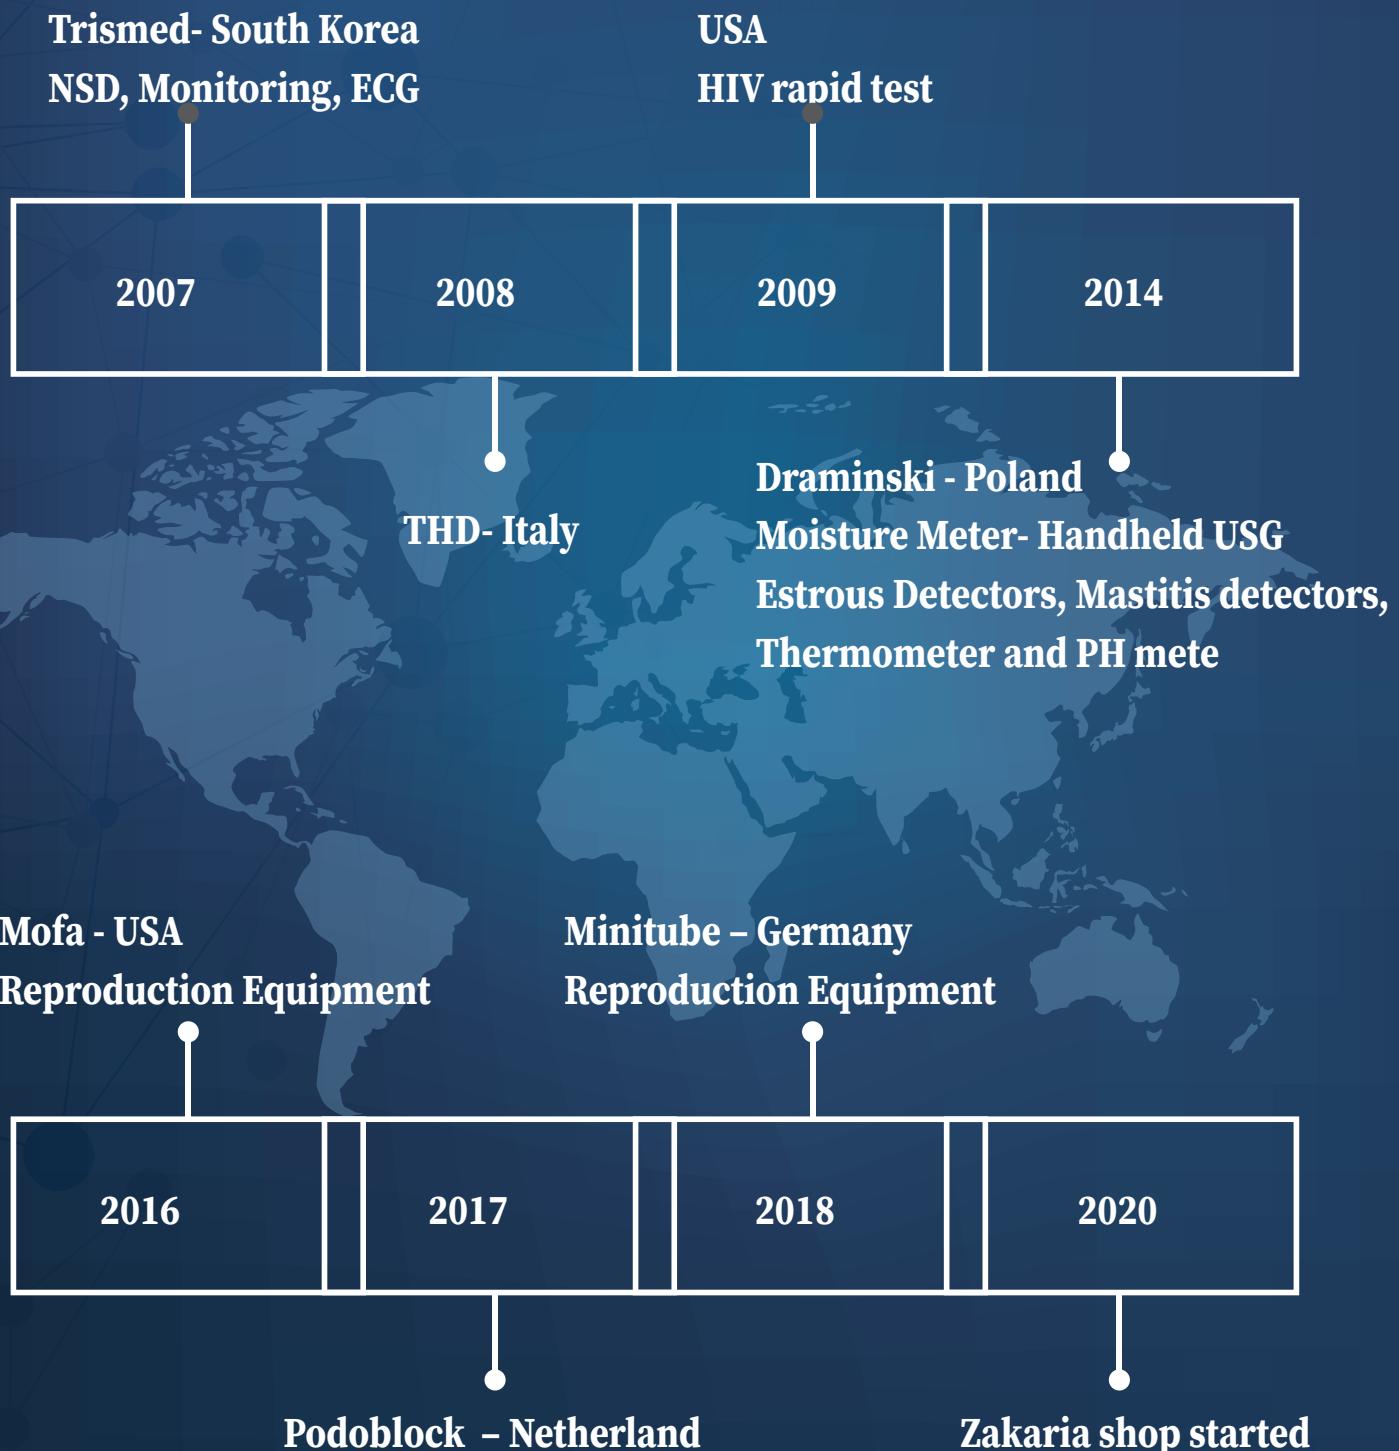

## Our ultimate goal (our defining goal)

We want to always be the most trusted and indispensable partner for medical and veterinary professionals across the country and region, setting the global standard for innovation, service and advancement of interspecies health.

# History and Development

# Fields of activity

**Trolley based and portable  
Ultrasonography machine**

**Mobile and Portable  
radiology machine**

**Monitoring**

**Portable large animal  
ultrasound machine**

**Ketone meter**

**Electrocardiogram**

## Medical Disposable instrument

## Veterinary Reproductive equipment

## Surgical equipment

## Moisture Meters

## Blood glucose test

## Integrated Veterinary Services Ecosystem

### Zakaria Kabir Medical Engineering Company

With more than three decades of continuous experience, Zakaria Kabir Medical Engineering Company is recognized nationwide as more than a commercial enterprise—it is an integrated veterinary services ecosystem.

By deeply understanding market needs, the company has created a smart combination of specialized equipment, remote diagnostic services, digital platforms, and professional education to complete the animal health value chain.

This ecosystem is built on four main pillars:

**Zakaria Kabir Co**

### Core of Supply and Technology

This division serves as the backbone and central pillar of the ecosystem, responsible for the supply, importation, and technical support of advanced equipment.

With a strong focus on capital equipment—such as ultrasound systems, radiology, and operating room equipment—Zakaria Kabir ensures high quality standards and reliable after-sales service for veterinary clinics and medical centers.

# Digital Veterinary Solutions

[www.coddiag.ir](http://www.coddiag.ir)

## Integrated Remote Diagnostic Services Platform

Codiag is the scientific and diagnostic arm of the ecosystem, designed to eliminate geographical limitations.

Through this platform, veterinarians can submit their cases and receive accurate diagnostic reports and expert consultations from leading specialists across the country.

Codiag bridges the gap between general veterinary practice and complex specialties, ensuring higher diagnostic accuracy and improved treatment outcomes.

## Digital Sales Platform

Zekshop is the digital commerce arm of the ecosystem, created to simplify and bring transparency to the purchasing process.

This online platform provides veterinarians with fast and direct access to consumables and small equipment, transforming procurement into a modern, traceable, and reliable experience.

## Center for Knowledge and Skill Development

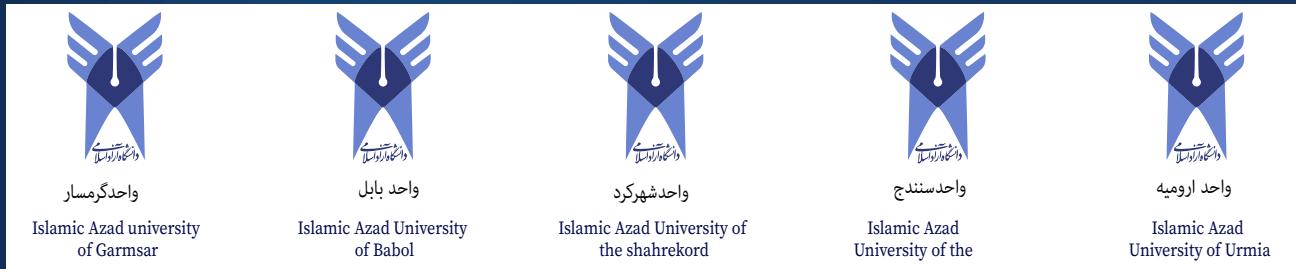

Zakaria Academy is the newest and final link in the ecosystem, established with the goal of scientific and professional empowerment of the veterinary community.

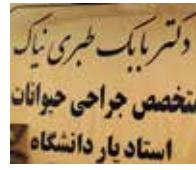

By offering specialized courses and hands-on workshops, the academy transfers practical knowledge on advanced equipment and modern treatment methods—completing the cycle of equipment, diagnostics, and education within the holding.

## Our customers

We are honor to display the names of our loyal customers on our company resume so that we can appreciate their trust in us. We will also be happy to be able to put your brand name and company in this section with your satisfaction. We are waiting for your call to see our satisfactory services and products.
